Storytime every Tuesday at 10:30 am

PLATES N PAGES

Plates 'N' Pages Family Story Night series of evening programs for families this fall at the Dorr Township Library! Join us for a community dinner followed by a family Storytime with a special guest storyteller/author and hands-on arts and crafts!

FARM TO SWEATERS:

Via Verde Farms in Byron Center will be bringing out their equipment to do a demonstration of processing wool after it is removed from a sheep. They will bring their machines to demonstrate skirting, fleecing, washing, picking, carding, and more!

This is for ages 8+ as some of the machines can be dangerous if used incorrectly.

Please call 616-681-9678 or stop into the library to sign up!

PUPPY ADOPTION

October is Shelter Dog Month so the library is inviting you to adopt your own stuffed puppy! Choose them out of the kennel, fill out their adoption certificate, and make them their very own collar before you take them to their new home! (This event will be going on through the month of October or until we run out of puppies so keep an eye on Facebook for updates!)

"Bar" Crawl

Make some sort of bars (lemon bars, cookie bars, etc) and bring them to the library for a Bar Crawl! Taste test creations, get new recipes, and vote for your favorite bars to crown a Bar Crawl champion.

HALLOWEEN PARTY

Twas the night before Halloween
the librarians scurried
to get everything ready,
they worked and they hurried.
They set up the tables
for crafts and for games.
Bowls filled with candy
they just couldn't tame.

So put on your costumes and come on down
to the Halloween party they'll talk of through town.

Escape Room

Can you make it out of our Halloween-themed escape room? Or will you be trapped inside for the witch to find? Sign up in teams to see if you can make it out...if you dare!

MURDER MYSTERY NIGHT

Take on the role of a staff member, entertainer, or guest at a private party held at a jazz club in 1920s New York City in this after-hours library program.

Enjoy refreshments, banter, and getting to know each character at the beginning of the evening. But don't get too comfortable...because one of the party guests won't make it through the night.

Work together using the information you receive in character packets, clues hidden around the library, and more to find out which one of the party guests is the killer.

Tara Grayce Author Visit

Tara Grayce, author of The Elven Alliance series, will be coming to the Dorr Library on Thursday, October 26th. She specializes in romantic fantasy, and if we are lucky she will have copies available for purchase.
