COLOR CARNIVAL

We're excited to kick off our Summer Reading Program with a bang at our Color Carnival! It's an afternoon filled with fun and excitement for all ages. The best part? It's completely FREE! Enjoy a variety of carnival games where you can test your skills and win fun prizes. Visit the petting zoo to meet and greet adorable animals, or get a fun creation from our balloon artist who will be making amazing shapes and designs. We'll also have a selection of delicious treats from food trucks to keep you energized throughout the day. There's something for everyone, so don't miss out on the fun! Be sure to check out our Facebook Events for specific timings for each activity, so you don't miss a thing. We can't wait to see you there and help you kick off a colorful summer of reading!

JOHN BALL ZOO TO YOU

Learn more about the animals at John Ball Zoo and what the zookeepers do to take care of them! If we are lucky the zoo might even bring some animal friends along with them!

POOL NOODLE OLYMPICS

Get ready to compete in the Pool Noodle Olympics! Test your skills in events like Pool Noodle Tire Agilities, Pool Noodle Javelin, and more. Bring your A-game and go for the gold as competitors face off in these surprisingly soft but deceptively challenging games!

FANTASY CREATURE DRAWING WITH ART OF THE BUD

Join us for a magical drawing adventure! A professional digital artist will guide you step by step in creating your own fantasy creatures. Watch them draw live on the big screen while you follow along with paper and pencil in front of you—no experience needed!

GRAND RAPIDS AUDUBON SOCIETY & NOAH'S ARK STUFFED ANIMAL WORKSHOP

Join us for a special program with the Grand Rapids Audubon Society as we learn all about local birds, their habitats, and how to spot them in the wild. Then, stick around for a fun hands-on workshop where you'll get to stuff your very own bird plushie to take home! Choose from a duck, a goose, or a turkey and create a cuddly feathered friend of your own. Perfect for bird lovers of all ages!

Quartz with Steve Tchozeski

Steve Tchozeski from Great Lakes Geoscience teaches us more about Quartz! If we are lucky he may even have some quartz for you to dig up yourself!

The Art of Nature

Are animals artistic? Do they use colors and patterns for beauty? Protection? Camouflage? Join us as we visit with the ODC animal ambassadors while we explore art in nature.

Inflatable Costume Race/Obstacle Course

Suit up and get silly in our Inflatable Costume Race & Obstacle Course! Dash, dodge, and wobble your way to the finish line in this hilarious, high-energy challenge!
