

Dorr Library Summer Reading

2021

PARTICIPATION

Summer Reading is for all ages. We prefer that you participate and log through the ReadSquared app but if that is not possible we will have paper logs available at the library. The library is planning on in person events. However, this may be subject to change due to governmental health orders.

BIG EVENTS

Our main events this year are the geode program, the stuffed animal workshop, a Paws With A Cause presentation, and our end of Summer Reading celebration which this year is on Harry Potters Birthday! **All events and programs must be signed up for ahead of time by stopping into the library or calling us at (616)681-9678.**

GAMES AND TRIVIA

This year the library will be having two game nights and a trivia night! The family game nights will be played with our games to go that are available for checkout. Trivia night will have four separate games starting on the hour with one grand prize winner per game. Everyone else will receive candy or a small prize for participating

Tails and Tales
